RULES EVERYONE FOLLOWS

- Never enter a patient's name. Use the Hospital Number only.
- Nobody can sign off their own record, whatever else they are allowed to do.
- Consultants sign records but do not edit them. The trainee makes any correction.
- A signed record is locked. To change it, the signer (or a Head of Unit, Coordinator or Head of Department) must unlock it first.

Need help? Open Guide in the menu for the full steps, or press the ? beside a screen's title. You can also use Feedback. If you forget your password, choose "Request a reset" on the sign-in page.
