YOU CAN

- Everything, including the Developer-only settings

You cannot: Delete, deactivate or demote the last Developer account. · Decide a trainee's account closure. That is the Head of Department's decision.

RULES EVERYONE FOLLOWS

- Never enter a patient's name. Use the Hospital Number only.
- Nobody can sign off their own record, whatever else they are allowed to do.
- Consultants sign records but do not edit them. The trainee makes any correction.
- A signed record is locked. To change it, the signer (or a Head of Unit, Coordinator or Head of Department) must unlock it first.
