

A consultant appointed to coordinate the training course across the department. Sees every unit's roster and records, approves new accounts, assigns postings in groups, reads feedback, and can sign off on a colleague's behalf.

YOUR FIRST THREE STEPS

1. Open Approvals to see new sign-ups.
2. Open Roster to see where everyone is posted.
3. Use Manage Users → Set postings when a batch rotates.

RULES EVERYONE FOLLOWS

- Patients are never named. Every entry uses a Hospital Number only.
- Nobody can sign off their own record, whatever else they are allowed to do.
- Consultants sign records; they do not rewrite them. Correcting a record is the trainee's job.
- A signed record is locked. Changing it needs the signer (or a Head of Unit, Coordinator or HOD) to release it first.

Stuck? Open Guide in the menu for the full steps, press the ? beside a screen's title, or use Feedback. Forgotten password: "Request a reset" on the sign-in page.
